

# June is DAIRY Month

## the FARM TRIBUNE

VOL. XX, NO. 52 PUBLISHED WEEKLY — PORTERVILLE, CALIFORNIA Thurs., June 8, 1967

### PORTERVILLE HOSTS PILOTS JUNE 24 - 25

PORTERVILLE — All airways will lead to Porterville the end of June when this community hosts pilots of California and other western states at the revived Moonlight Fly-in, set for Saturday and Sunday, June 24 and 25.

The aviation event at the Porterville Municipal airport is being sponsored by the Porterville Area Pilot's association, headed by Jerrel Medlin; with assistance from the Porterville Junior chamber of commerce, headed by Joe Faure; by the Porterville chamber of commerce, headed by Frank Kidder; and by the City of Porterville.

The two-day program will include military and private aviation displays at the airport; concession stands, including Porterville's famous orange juice; competitive events

### Allensworth Gets Funds For Water Project

VISALIA — A \$15,500 insured loan and \$29,500 grant to a group of 30 rural families in southwest Tulare county to develop a rural water system has been approved by the Farmers Home administration, reports Oliver J. Duval, the agency's state director.

The loan and grant, together with self-help labor to be contributed by local residents and contributions by local contractors, will enable the Allensworth Membership Water company to drill well, at Allensworth install a pump,

### A KIND NOTE FROM THE VET.

LETHBRIDGE, Alberta, Canada — "Be advised that I am in this sin capitol of Canada delivering a learned treatise on Veterinary Medicine to the Canadian Veterinary Medical association. You may print this in your miserable rag." Signature is not readable, but certain things lead us to believe that the card and message is from Dr. C. S. Crane. Colored photo on the card is of The Brewery Gardens, adjacent to the Lethbridge Brewery. It is not stated whether or not this is where the learned treatise is being delivered.

DAN COLSON, top left, a Future Farmer at Porterville high school, received a \$250 scholarship from the Porterville Farm Bureau Center at a dinner meeting of the Center May 31 at the Paul Bunyan. Making the presentation is Milt Burtner, Center member in charge of the scholarship program. Lower photo, Doug Peltzer, left, newly-elected chairman of the Porterville Farm Center, is congratulated by outgoing chairman, Ronald Michaelis. (Farm Tribune photos)

### Doug Peltzer New Chairman Of Farm Center

PORTERVILLE — Doug Peltzer was elected, and assumed office as chairman of the Porterville Farm Bureau Center at a dinner meeting held the evening of May 31 at the Paul Bunyan restaurant. He succeeds Ronald Michaelis.

Other 1967-68 Center officers are: Jim DuPratt, vice chairman in charge of programs; Martin Brown, vice chairman in charge of membership; and Martin Mittman, secretary-treasurer.

Presented during the meeting was a \$250 scholarship to Dan Colson, a Porterville Future Farmer who is graduating from Porterville high school this year. Colson plans to attend Porterville college then hopes to complete his education as an agricultural instructor or as a business administrator in the agribusiness field. The scholarship presentation was made by Milt Burtner.

Program for the evening was an illustrated talk by Marvin Miller, a Riverside County Farm advisor, on a recent trip around the

(Continued On Page 4)

WINNER OF the Springville Farm Bureau Center scholarship at Porterville high school this year was Mary Tomina Rouch, left, with the presentation made at this week's school awards assembly by Mrs. Carl Crew, representing the Springville Center. (Farm Tribune photo)

### Pink Bollworm Eradication Program Moving

SACRAMENTO — A coordinated campaign to suppress the pink bollworm of cotton, with the hope of eventually eradicating it, has been approved by the State Director of Agriculture's Cotton Pest Control Advisory committee.

The Committee action followed the signing by Governor Ronald Reagan of legislation by State Assemblyman Victor V. Veysey of Imperial county which appropriated \$650,000 to the State department to agriculture for pink bollworm control.

Assemblyman Veysey met with the Committee and explained that the legislation had been signed by Governor Reagan as an emergency measure and provides immediate funds to support the statewide campaign against the pink bollworm.

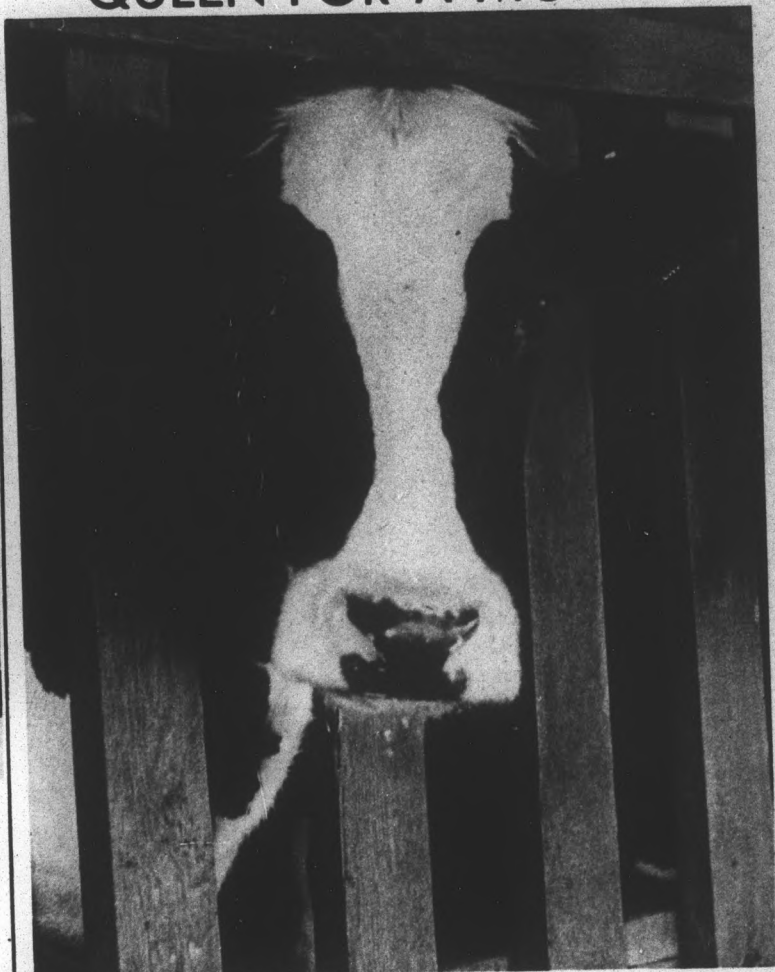

The Veysey bill also authorizes a fee of up to 50 cents per bale of cotton to be paid by cotton growers to the State for pink bollworm eradication in future years.

The all-out drive against the pink bollworm will involve participation of the U.S. department of agriculture, the California department of agriculture, the County departments of agriculture represented by County Agricultural commissioners of the cotton counties, and by the cotton industry.

Gene Egan, Producers Cotton Oil company vice president for field

### QUEEN FOR A MONTH

### Quesenberry To Join County Staff As Extension Sv. Dairy Specialist

VISALIA — Neil C. Quesenberry, Dairy Farm advisor in Santa Barbara county since 1963 and a former assistant professor of dairy production, will join the Farm and Home Advisor staff in Tulare county to take the place left vacant by the death of Carlos Cartledge, according to Sheldon N. Jackson, county director of extension.

Dr. George B. Alcorn, director of the University of California Agricultural Extension service, announced that the transfer will take place on June 19.

Quesenberry, who has conducted an intensive dairy improvement program in Santa Barbara county and a neighboring area of San Luis Obispo county, has been making his headquarters in Santa Maria.

Over the past three and a half years, he has run a major program of improving milk quality, through milking equipment analysis

and mastitis control programs with individual producers. His field trials on freshening earlier-maturing Holstein dairy heifers have won attention, Alcorn said, as well as a series of milk producers' short courses covering all aspects of dairy production. Quesenberry has conducted countywide surveys in breeding efficiency and in feed flavor problems in milk.

The 42-year-old dairy farm advisor came to the University of California with experience as a dairy farmer as well as college teacher and researcher. He farmed, as partner in dairy operations, at Walla Walla, Washington, and in Montana. He grew up on a farm in southeastern Washington. He interrupted his college studies to work for two years as a Dairy Herd Improvement association tester in Washington.

Quesenberry received

### DAIRY PROGRAMS AT SERVICE CLUBS; MARKETS FEATURE DAIRY PRODUCTS

PORTERVILLE — There will be fun — and a message — as "June Is Dairy Month" programs are presented at Porterville service clubs during June by a committee of Porterville dairymen — Chet Gilbert, Wes Noble, Jim Hatcher and Milton France.

Activities got underway last night at the Porterville Kiwanis club when a talking cow was presented to Kiwanians, along with Miss Laurie Noble, Porterville's Dairy princess.

At the Porterville Rotary

club, June 20, speaker will be John M. Shea, director of Industrial Relations for the American Dairy Association of California, and former manager of the California Dairy Council. His subject will be, "Udder Stuff."

On June 27 speaker at the Porterville Breakfast Lions will be George M. DeMedeiros, of Tulare, general manager of the Dairyman's Cooperative Creamery association.

At these meetings menu

(Continued On Page 4)

**Pink Bollworm**

(Continued From Page 1)

services, and a member of the State Department of Agriculture Cotton Pest Control Advisory committee, says the plan of action looks like this:

1. Absolute eradication will be sought in the Cantil area of south-eastern Kern county

where the worm was found last year. There is only one cotton farm in this area south of the Tehachapis. Ten spray treatments are planned six days apart, with retreatment if necessary to create a "buffer" zone between infested Southern California areas and the San Joaquin valley.

2. Chemical treatment also is set for Palo Verde, Needles and Sandy Valley. Eight treatments, with retreatment of "hot-spots."
3. Individual field treatments will be made in Imperial, Coachella, Bard and Borrego

when infestations are rated "serious" by USDA standards. Some moths are reported out now in these areas, but they will die because there are no squares on which to feed.

4. In the San Joaquin valley, where no trace of the pest has yet been found, a crew of at least 100 men will concentrate on detection of the moths or worms. About 1,500 traps are distributed throughout the valley to watch for any sign of an invasion; any catch will result in treatment similar to the Cantil eradication plan.

Under the federal-state

agreement, the USDA provides the chemical material and the state makes the applications. Treatments must be aimed at the moths because the worms cannot be reached inside the bolls.

For the most economical buy on the foods market - it's milk.

**PHEASANT SEASON OPENS NOVEMBER 18**

SACRAMENTO - Pheasant season will open in Central California November 18 and continue through December 3, as announced this week by the California Fish and Game commission.

## IS DAIRY MONTH

This Is The Month To Reach For ARDEN. Once You've Tried Any Of The Many Fine ARDEN Dairy Products You'll Be Reaching For ARDEN 12 Months of The Year!

**"WORTH LOOKING FOR . . . WORTH ASKING FOR"**

SERVING PORTERVILLE AND THE GREATER  
SAN JOAQUIN VALLEY FOR MORE  
THAN HALF A CENTURY

## We Only Heard

BY BILL RODGERS

IN THE Good Old Days dairymen used to bring cans of milk to Porterville on a horse-drawn wagon and ladle it out into pans or buckets in whatever amount the housewives wanted.

AND IN those old days practically every ranch had a cow or two and it was not uncommon for city folks to keep a cow around for their own use.

BUT TODAY things have changed considerably. Even in a country town like Porterville, school children seldom see a cow, and what youngster has had the questionable fun of milking old Bossy every morning before going to school and milking her again after school?

MILK ISN'T just milk any more. It has special gimmicks - like being homogenized, or vitamin fortified, or evaporated, or condensed, or chocolate flavored, or powdered, or frozen into desserts, or made into yogurt, or mixed half-and-half with cream, or sold without cream as a non-fat diet drink.

AND NOWADAYS from milk comes fancy cartons of cheese, butter, ice-cream, sour cream, table cream, whipping cream, or sherbets. Fresh milk is now being canned, in fact one of the nation's largest fresh milk and milk products canning plants is in Visalia.

THE MODERN dairy no longer requires milkers with buckets and the old-time milking stool. Instead milking machines take milk from the cows, put it directly into a pipe line to carry it to cooling tanks, then pumps move it into large, spotless refrigerated tanks on trucks for transportation to metropolitan areas where it is put into cartons for fresh sale only a few hours after it leaves the cow, or where it is processed for other uses.

IN SHORT, milk products are now "big business," and any community that has a continuing flow of milk also has a continuing flow of dollars into its economy.

WHILE IT is virtually impossible any more to buy milk just like it comes out of the cow, the milk that is marketed today is a mighty fine product - tasty and healthful. And the variety of its uses would leave the old-time dairyman in wondering disbelief.

SO, WHAT'S our point?

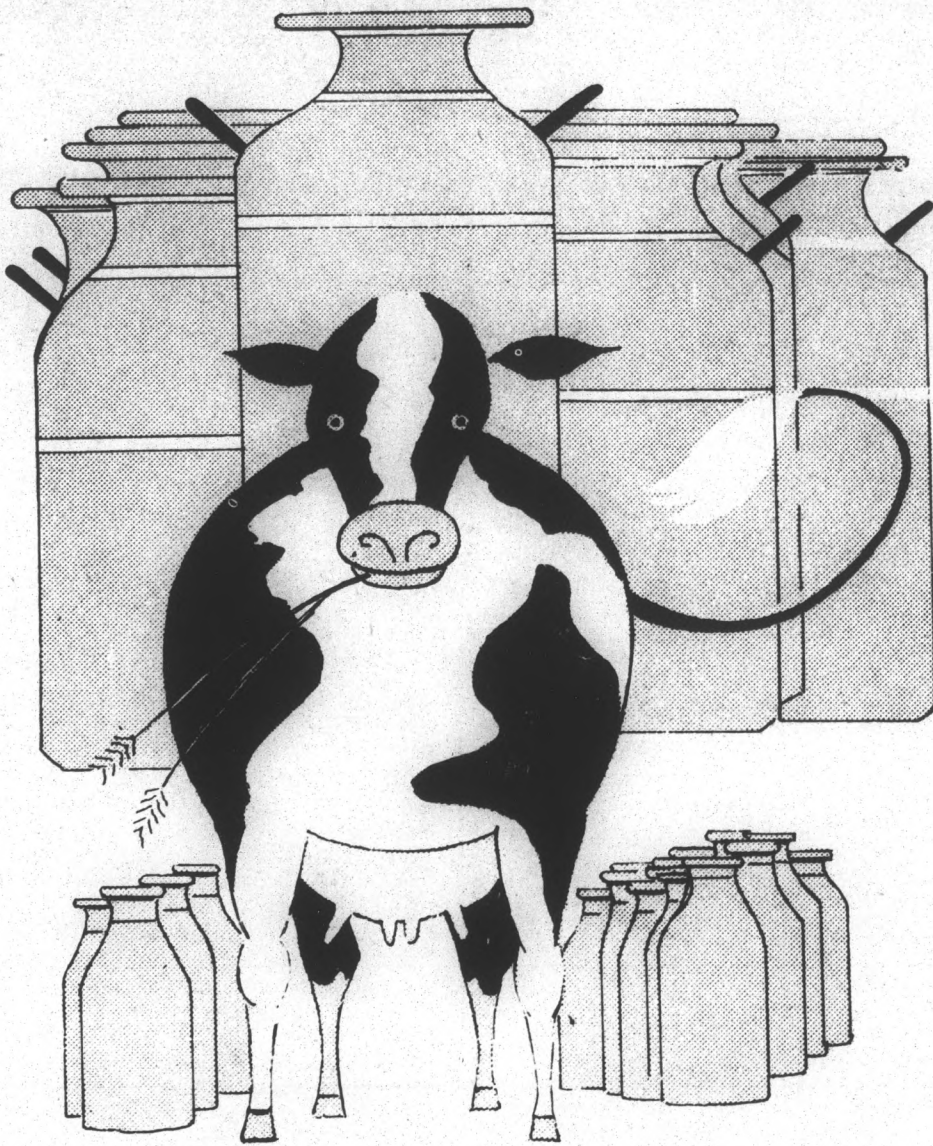

WELL, JUST this. June is Dairy Month. This is the month that you step right up to the bar and order a straight shot - a straight shot of milk, that is. Or maybe you take home an extra carton of ice cream, or a bit of special cheese - or a sack full of the more than the 100 items that come from milk.

TRY IT. If you haven't been on a dairy kick lately, you're missing something.

**QUAIL SEASON SET**  
**OCT. 28 - JAN. 1**

**SACRAMENTO** - Season for valley, mountain and desert quail has been set statewide for October 28, 1967 to January 1, 1968 by the California Fish and Game commission.

# June is DAIRY Month

WHILE A MAN'S BEST FRIEND MAY BE HIS DOG, THERE'S NO DOUBT ABOUT WHAT ANIMAL DOES THE MOST FOR HIM. IT'S THE MILK COW. AND THOUGH SHE CAN'T PERFORM ANY TRICKS LIKE FETCHING THE EVENING NEWSPAPER, SHE DOES PERFORM A DAILY MIRACLE OF CONVERTING GRASSES AND OTHER FEEDS INTO NATURE'S MOST NEARLY PERFECT FOOD.

AND AT THIS TIME OF THE YEAR SHE REALLY TURNS ON HER MAGIC. SO MUCH SO, IN FACT, THAT SHE PRODUCES AN OVER-ABUNDANCE, THEREBY CREATING SOMETHING OF A PROBLEM.

SO TO OVERCOME THE HANDICAP, THE INDUSTRY SPONSORS JUNE DAIRY MONTH TO CALL TO YOUR ATTENTION THE TEMPORARY EXCESS AS WELL AS THE MYRIAD OF OTHER FINE PRODUCTS THAT SHE PRODUCES.

COOPERATING WITH THE DAIRYMEN ARE THE NATION'S GROCERS AND RESTAURANT OWNERS WHO OFFER JUNE DAIRY SPECIALS THROUGHOUT THE MONTH.

RIGHT NOW YOUR OWN GROCER HAS THEM. SO STOCK UP. AND WHEN YOU'RE IN YOUR FAVORITE EATING HOUSE, BE SURE AND SAY . . . .

gallons of you know what. Won't you join us by saying, 'Make Mine Milk?'"

ALL DOGS MUST BE LICENSED  
AFTER JULY 1; CLINICS SET

VISALIA — County Clerk James E. Howard reminds all dog owners that current licenses will expire on June 30 and that the new licensing period will commence on July 1.

Howard said letters containing complete instructions for renewing licenses will be mailed to all owners of presently licensed dogs and to kennel owners on July 1. Tulare county allows dog and kennel owners to purchase licenses between July 1 and September 1 without penalty but does impose

a \$2.00 delinquency penalty on and after September 1; however, in the event an animal is found running at large during this period wearing no license tag, it is subject to being picked up by the county poundmaster.

Base licensing fees this year have not changed from last year and are as follows: for male dogs and spayed females — \$3.00; for unspayed female dogs — \$6.00; for kennel operators — \$10.00.

The Tulare County Ordinance code requires that an owner of a dog secure a license for his dog within 30 days after acquiring ownership; however, if a dog is less than four months of age when the owner acquires it, he shall secure a license for the dog with-

in 30 days after the dog becomes four months of age. The ordinance also requires any person who enters the county and dwells in the county for a period of 30 days or more, and who has brought a dog with him from outside the county to secure a license for the dog within 30 days after arrival in the county.

In order to obtain a dog license the owner must present a valid Rabies Vaccination certificate showing that his dog has been protected against rabies for the entire licensing period for which the license is being purchased. Dog licenses are not obtainable at Rabies Vaccination clinics but may be purchased in person or by mail from the County clerk, Room 201, Court house, Visalia.

Rabies Vaccination certificates, obtained from veterinarians, contain an

(Continued On Page 5)

## Dairy Programs

(Continued From Page 1)

will feature dairy recipes, and old and new dairy products will be displayed. Restaurants are being asked to emphasize dairy products during the month of June.

In grocery stores of the community special dairy exhibits are being set up and dairy products featured. Nationally, during the current week, the USDA has listed milk and dairy products as the Plentiful — Foods-To-Feature in markets throughout America.

June is Dairy Month is an annual observance sponsored by the dairy industry, with milk producers, milk processors and handlers of dairy products participating to call attention to the healthful qualities of milk, and to the palatable quality of the many items on today's market that come from milk.

Importance of the dairy industry to Tulare county is evident from the fact that in 1966 cash value of milk was more than \$29,000,000, with the dairy industry putting some \$200,000 per month into the economy of the Porterville area.

Application and Licensing section. Howard stressed that the application must be filled out completely and must contain the signature of the applicant.

The Tulare County Veterinary Medical associa-

tion and the Tulare County Health department have established the following clinics and schedule for vaccination of dogs against rabies:

Porterville Health center, Thursday, July 6, 4 p.m. to 8 p.m.; Springville fire station and Terra

Bella fire station, Friday, July 7, 6 p.m. to 8 p.m.

Earlimart fire station and Strathmore fire station, Monday, July 10, 6 p.m. to 8 p.m.; Pixley fire station and Cotton Center, Tuesday, July 11, 6 p.m. to 8 p.m.; Lindsay fire station, Wednesday,

## BEAR SEASON

SEPT. 23 — JAN. 1

SACRAMENTO — September 23, 1967 - January 1, 1968 has been set statewide as bear season this year by the California Fish and Game commission.

July 12, 6 p.m. to 8 p.m.

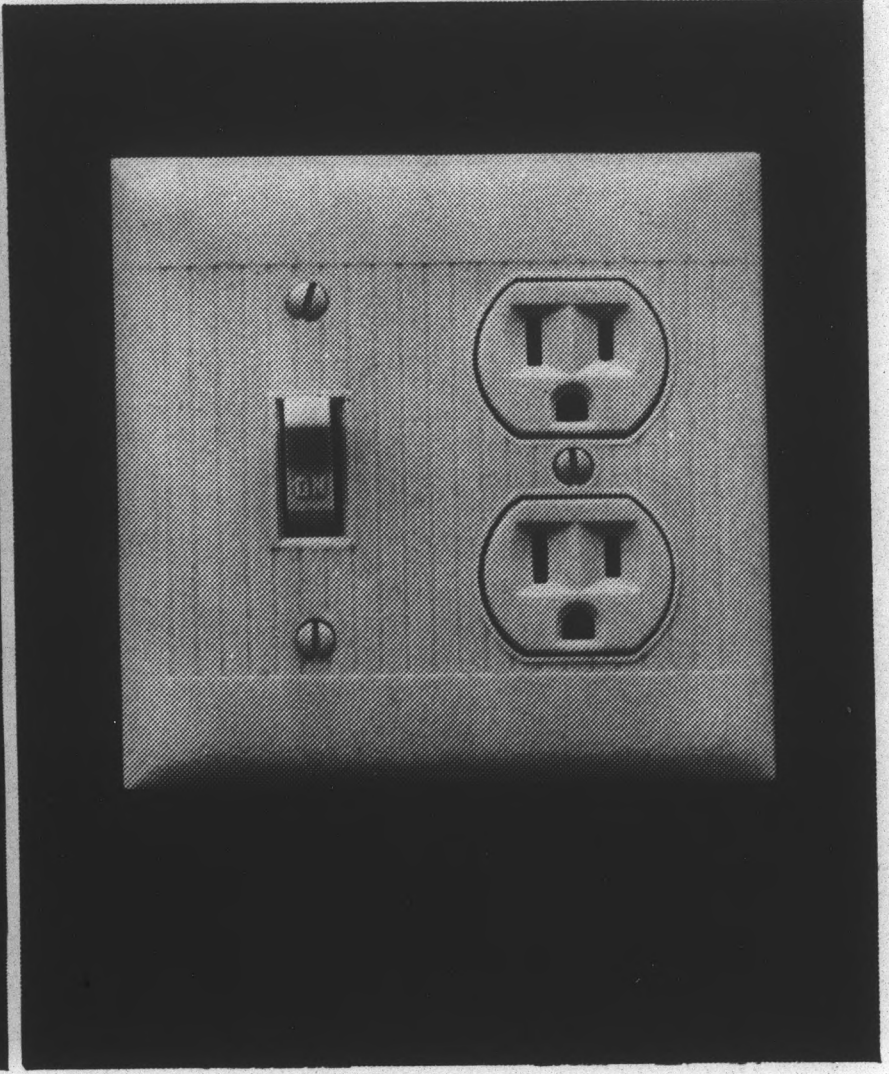

## DEER SEASON SET

SEPT. 23 — NOV. 12

SACRAMENTO — Late deer season that includes the Sierra in Tulare and Kern counties, has been set by the California Fish and Game commission for September 23 - November 12, 1967.

**Most things  
have gone up  
since 1939.**

**But not this.**

A kilowatt-hour of Edison electricity has gone down a third in price since 1939.\*

But, of course, you're using a lot more electricity now than you did then. The typical home uses electricity 40 different ways.

So maybe you're not wild about the length of ladies' dresses today.

But at least electricity is heading in the right direction.

\*The average cost of a kilowatt-hour of electricity to Edison's residential customers today is 34.4% lower than in 1939.

## Million Dollar Gross Sales Reached By Visalia Hog Market In 10 Months

VISALIA - A million dollar gross sale volume was reached May 29 by the Visalia Hog Market, after only 10 months of operation, when the "million dollar" hog went through the sale in a lot consigned by a director of the cooperative hog marketing organization

- Virgil Shoemaker, of Tulare.

And on the same day the first out-of-state consignment was trucked in by R. G. Pennebaker, of Fish Lake Valley, Tonopah, Nevada.

The million dollar sales mark and the first out-of-

state consignment represent new chapters in an expanding success story being written by directors of the Visalia Hog Market—a story that started on July 25, 1966, when six consignors offered 108 head of hogs at the Market's first sale.

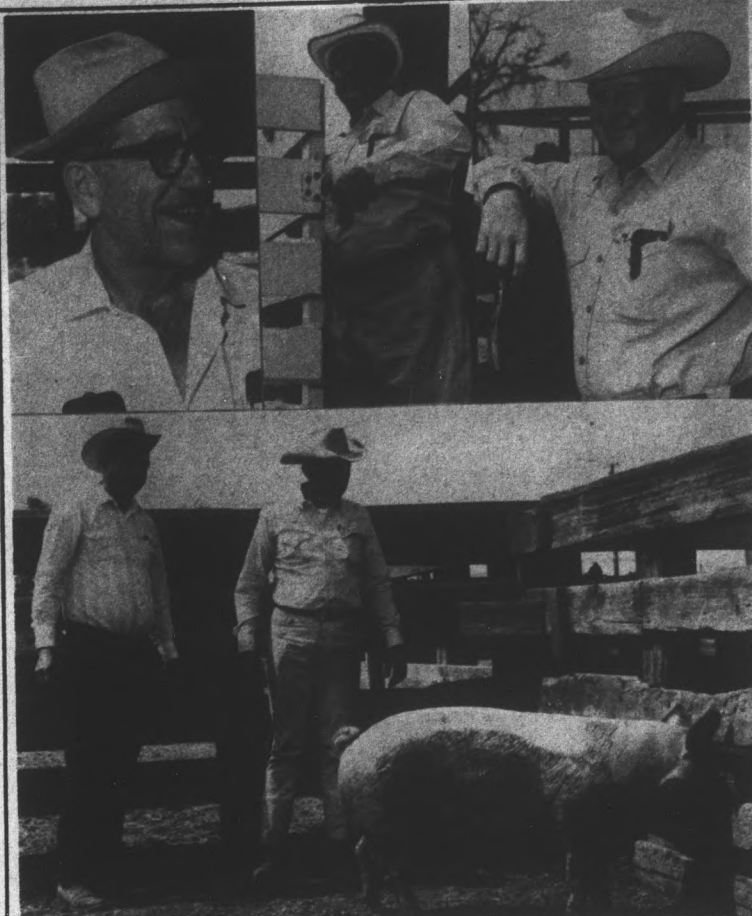

On May 22, 1967, the organization's largest sale was recorded - 947 head. During the 10 months of operation, the Market has sold more than 24,000 head of commercial hogs.

The cooperative, with leased office space and sale facilities at the Tulare County Farm Bureau livestock yards in Visalia, now has 365 members. Consignments are being received from a seven-county area: San Luis Obispo, Los Angeles, San Bernardino, Kern, Kings, Fresno, and Tulare.

"We believe we are filling a real need for producers of commercial hogs," says Axie Morgan, of Visalia, chairman of the board of directors of the Visalia Hog Market.

Morgan states that management policy is to charge the smallest possible handling commission - now three per cent - so that a maximum amount of money goes to the consignor at time of sale.

"Unlike some cooperatives, we try to hold revolving funds at a bare minimum," Morgan says. "By doing this we believe we have paid our consigning members approximately \$10,000 above what they would have received for the same number of hogs sold under the former marketing setup that was available in this area, while, at the same time,

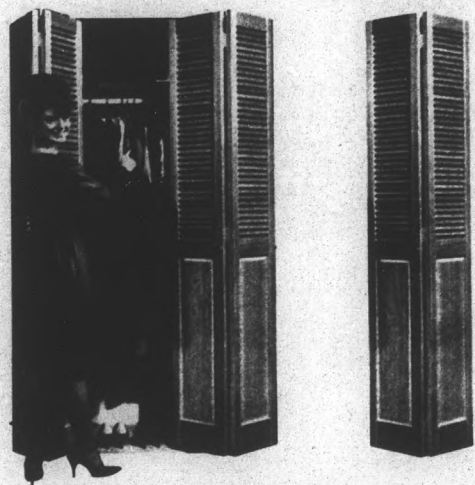

MILLION DOLLAR gross sales were reached by the Visalia Hog Market on May 29, after only 10 months of operation, with above photo showing the "million dollar" hog, a 210-pound Hampshire-Yorkshire crossbred in a lot consigned by a director of the Market,

Virgil Shoemaker, right, of Tulare; looking on is County Farm Advisor Bob Miller. At top, from left: "Doc" Parsley, manager of the Visalia Hog Market; Bill Silveira, of Tulare, treasurer of the Market; and Axie Morgan, of Visalia, president. (Farm Tribune photos)

Wells, Nancy and Kathleen Wilson, Linda Reeves, and Paula Kleghorn.

Named as co-chairman to supervise the Burton club booth in the 1967 Porterville fair were Lydia Taylor and Janis Boradori.

Kim Serafin reported on a recent livestock field day participated in by club members with livestock projects; club members

## Tulare Plans Farm Machinery In February

TULARE - A complete farm machinery show, featuring field and row crop equipment, will be staged

who participated in the Tulare County 4-H fair were acknowledged.

next February 13-15 by the Greater Tulare Chamber of Commerce Agribusiness committee at the Tulare County Fair grounds.

Heading up the arrangements committee is Kent Kough; working with him are Jack Smith, Tulare chamber manager, and Pete Norum. A continuing series of daily demonstrations for farmers and farmers' wives is being planned by Sheldon Jackson, director of the Agricultural Extension service in Tulare county.

## SPECIAL DEER HUNT CONSIDERED FOR MODOC

SACRAMENTO - A California Fish and Game commission hearing is set for June 22 at Alturas relative to a proposed special hunt for the Devil's Garden Interstate Deer herd in Modoc county. The hunt for 2,250 antlerless and buck deer has been proposed by the Devil's Garden Interstate Deer Herd Advisory committee.

There is no such thing as a "fur-bearing" seal. Those "seal" coats that women prize are actually from fur-bearing sea lions.

June Is Dairy Month. Make Mine Milk.

## LEGAL NOTICE

### NOTICE OF HEARING

NOTICE IS HEREBY GIVEN that the Tulare County Board of Supervisors will hold a public hearing on June 20, 1967, at 10:15 a.m., in the Supervisors' Chambers, Courthouse, Mineral King and Mooney Boulevard, Visalia, California.

The hearing will pertain to the adoption of Map Parts numbered 32, 38 and 52, being parts of the Specific Plan of Street Names and Numbers and House Numbers - Springville area, pursuant to Sections 7539-7566 of the Ordinance Code of Tulare County.

All persons interested may appear and be heard at said time and place. By order of the Board of Supervisors.

JAMES E. HOWARD, County Clerk and ex-officio Clerk of the Board of Supervisors of Tulare County, State of California.

(SEAL)  
By CAROL I. SANTOS, Deputy

### NOTICE OF HEARING

NOTICE IS HEREBY GIVEN that the Tulare County Board of Supervisors will hold a public hearing on June 20, 1967, at 10:00 a.m., in the Supervisors' Chambers, Courthouse, Mineral King and Mooney Boulevard, Visalia, California.

The hearing will pertain to a proposed amendment to Ordinance No. 352, changing the allowable uses in the R-A, R-O and O zones, being Sections 4, 5 and 8.05.

All persons interested may appear and be heard at said time. By order of the Board of Supervisors.

JAMES E. HOWARD, County Clerk and ex-officio Clerk of the Board of Supervisors of Tulare County, State of California.

(SEAL)  
By CAROL I. SANTOS, Deputy

## From Daybell Nursery

By John

If your slavelabor gets out of school this week you should have the lawn mower warmed up, or at least the hoe sharpened, so he will feel welcome. You may not get much work done, but it will make him appreciate the advantage of being in school. Of course before turning anyone under twenty one loose with the power mower you had best move such handicaps as garden hose, sprinklers, and little sisters to high ground. Saves a lot of reassembling later.

If you don't have any teen age gardeners left at home you can probably rent one somewhere around the neighborhood. This will keep you in touch with the younger generation and will either help keep him off the streets or put him on in better style. The great advantage of hiring someone else's teenager is you can fire them and they have to go home. With your own they're still around to give you a bad time.

This last may drive you out into the yard to release your tension. If so we have the necessities to make it interesting. Colorful bedding plants to make your summer visitors think you're a master gardener. Forest humus to keep the weeds down and the moisture in. All sorts of things to make it grow better and free information on how to do it right the first time.

If none of these intrigue you how about a bamboo shade that rolls down to keep your west windows cool? A Donald Duck sprinkler to keep the kids happy? Or maybe a set of wind bells to take advantage of our gentle breezes? All this plus parking under real live shade trees can be found at five five North "E" St. - Porterville.

A NEW portable tape recorder was recently donated for use in the new pilot project program for blind mentally retarded patients at Porterville State Hospital by members of the Sequoia Council, Telephone Pioneers of America. Accepting the gift for the hospital are Vern Ward, teacher of the mentally retarded, on the left, and Alice Tice, center, student professional

assistant with the hospital's School staff. Ellen Hendricks, right, community services chairman for the Pioneers, spearheaded the project, which will be financed through a candy sale by members.

Milk is nature's perfect food.

For the most economical buy on the foods market - it's milk.

GENE DUNCAN, of Porterville, was honored recently by the Southern California Edison company for his 30 years of service with the utility firm, and was presented with a diamond service award at a ceremony attended by his fellow employees. Born and raised in Porterville, Gene is a utility lineman at the Porterville Service center. In the above photo he is shown enjoying his main hobby - working at the Porter-

ville museum, where he prepared the electrical exhibit shown in the photo - an exhibit dating back to the days of the Mount Whitney Power and Light company. He is a member of Masonic Lodge 303, and the Breakfast Lions. During the Porterville Centennial year he created the character of Doc Small, and still, on special occasions, such as the Jack-ass Mail run, he again brings

**ELECTRICAL EXHIBIT**  
THIS ELECTRICAL EXHIBIT WAS CREATED AS A TRIBUTE TO THOSE EARLY PIONEERS WHO FIRST BROUGHT ELECTRIC POWER TO THE PORTERVILLE AREA. SOME OF THESE ITEMS DATE BACK TO THE LATE 1800'S. THE ELECTRICAL WIRING WAS CONNECTED TO THE MILO OUGH HOME DURING THE YEAR 1909. THE POLE, TRANSFORMER AND METER WERE ORIGINALLY INSTALLED ON THE LINES OF THE MOUNT WHITNEY POWER AND LIGHT COMPANY. IT IS CERTAIN THAT THIS EXHIBIT WILL SERVE AS A LINK TO AN ALMOST FORGOTTEN ELECTRICAL ERA.

Exhibit Prepared by

Gene Duncan

Donated by

the good doctor out of the past. In the "good old days," Gene was a drummer in dance bands around the county, and now and then he still plays a job. As for the 30 years with the Edison company, Gene says, "That's quite awhile, but I'm still on the job and I expect to be around for a few more years - at least until the second Porterville Centennial comes along." ## "MY DOCTOR..."

This possessive phrase is familiar to all. It represents the profound confidence American people have in physicians. But do you really have a family physician?

Even though you may have been fortunate, not requiring medical care, it is stitch-in-time wisdom to establish a "family doctor" relationship.

Simply contact the physician of your choice, requesting that you would like him to serve your family should the need arise.

And if such a need arises, our prescription department is prepared to serve you and your family.

## Allensworth

(Continued From Page 1)

and lay approximately five miles of pipeline. It is estimated the contributed self-help labor will amount to approximately \$15,000.

Duval reports that the water system will provide Allensworth residents with an adequate supply of domestic water for household use, and for lawn, shrubs, and trees. The present water supply is not now useable and contains arsenic in quantities exceeding Public Health service standards.

Most of the families in the area have been hauling domestic water from other areas for sometime. Approximately one-half the families have never had water piped into their homes. When the project is completed, the water company will be able to provide ample, safe and sanitary water to Allensworth residents.

## PORTERVILLE

(Continued From Page 1)

for pilots; and entertainment Saturday night.

The new administration building at the airport will be dedicated during the weekend.

Tieing in with the Flyin will be a Porterville Merchants' committee sales promotion - a "Flyin Sellathon," that is set for 6 p.m. to 9 p.m. on Friday, June 23, and all day Saturday, June 24.

Gary McMahon, chairman for the Sellathon, reports that cooperating merchants plan special sales events and window displays keyed to an aviation theme.

Make a date now. Porterville Moonlight Flyin, June 24-25.

Milk - it's good and good for you.

## Quesenberry

(Continued From Page 1)

his bachelor of science degree in dairy production from Utah State university in 1951 and a master of science degree in animal physiology and breeding from Montana State university in 1963. He was on the college staff at Bozeman, first as a herdsman and later, from 1956 to 1963, as an assistant professor of dairy production.

"Neil will bring to Tulare county an excellent knowledge of modern dairy science and his well-tested ability as an extension worker," said Jackson.

In addition to dairy production work, Quesenberry will give technical assistance in Tulare County's 4-H club dairy program.

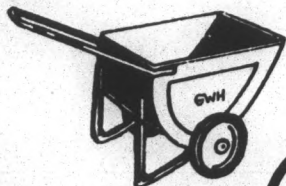

Quesenberry served in the U.S. Marine Corps from 1943 to 1946 and as an officer in the U.S. Army during the Korean war. He and Mrs. Quesenberry have four children.
